

## DESCRIPTION

The bicycle route "The Nordic Grape" takes you through scenic landscapes in the northern part of Nature Park Nakskov Fjord - which has Denmark's mildest climate; perfect for a bicycle tour!

The nature park is one of the Danish Nature Parks and has attained this seal of approval due to its unique nature values, diverse plant and animal species, interesting cultural environment as well as many good opportunities for outdoor activities on land and in the water.

The tour starts and ends at Axeltorv - the square in the Nakskov town centre. Here you will find shopping facilities, accommodation and places to eat. From Nakskov, the route follows the harbour and Nakskov Fjord, then heads north through Sandby to Frederiksdal Gods - an estate internationally recognised for its cherry wine. The estate has a farm shop, castle grounds and beautiful scenery with walking trails.

The halfway point of the bike route is the cosy harbour town of Onsevig - an old fishing village with an overnight shelter area, camping area, restaurant, private B&B, as well as a museum with exhibits about the history of the harbour and the village.

## INFO

The bicycle route is signposted with blue signs - you just need to follow the cherry symbols.

Along the bicycle route, you will also encounter signs with symbols and numbers from other routes; the Danish national bicycle route, 'The Baltic Sea Route' (8), 'The Munk Road' (89) and 'Explore Naturlandet' (N).

We recommend following the route in the direction that follows the numbers on the map. The entire length of the bicycle route is signposted in this direction.

Food and refreshments can be purchased along the route; for example from the grocery store in Skovbølle and the restaurant "Den Fuldkomne Fisker".

## PUBLIC TRANSPORT

The bicycle route starts close to Nakskov Station. You can get to the station with a bus or by train, which can also carry your bicycle.

The return tour to Nakskov passes through several small villages with beautiful churches; usually with a picnic bench and toilet - check the map!

Naturlandet also recommends visiting the southern part of Nature Park Nakskov Fjord, with the bicycle route "Along the Fjord".
